

## **PUBLIC NOTICE – LAKE CLOSED FOR SWIMMING**

**Beginning 06/06/2024 until Further Notice**

The City of Pine Lake conducts weekly testing of the Lake Water. The most recent test dated 06/03/2024 has presented an E.coliform result of 2400/100mL. The standard level for E.coliform is 200/100mL. Advisory level is 235-410. In accordance with the City of Pine Lake Code of Ordinances Section 62-86, the lake shall remain officially open for swimming during [the swim season], unless closed for public health and safety reasons. The City will continue to monitor E.coliform levels and will provide notice at such time that the Lake is reopened for swimming. To get related information visit <https://pinelakega.net/>.
